OH&S Policy

As a provider of information technology solutions and services intended mainly for healthcare operators, INFO WORLD acknowledges its responsibility for occupational health and safety (OH&S) of its staff and other people who may be affected.

Our policy is to minimize the risk of injury and occupational disease by maintaining a healthy and safe work environment.

Therefore we, the INFO WORLD team, are committed to meet the OH&S objectives set by the top management, by:

- educating staff in order to prevent injuries and occupational diseases,
- complying with legal and other assumed OH&S related obligations,
- continuously improving our OH&S management system and OH&S performance based on OHSAS 18001 standard principles and requirements.

21.04.2016

DIRECTOR EXECUTIV
Daniel NISTOR
